(Please keep this statement for comparison with the actual activity in your account at the end of the escrow accounting computation year.)

Your escrow balance contains a cushion of 761.28. A cushion is an additional amount of funds held in your escrow balance to prevent the balance from becoming overdrawn when an increase in the disbursement amount occurs. Under Federal law, your lowest monthly balance should not exceed 761.28 or 1/6 of the anticipated payment from the account, unless your mortgage contract or State law specifies a lower amount. Your mortgage contract and State law are silent on this issue.

Your ending balance from the last month of the account history (escrow balance anticipated) is 3,953.96. Your starting balance (escrow balance required) according to this analysis should be \$2,283.82. This means you have a surplus of 1,670.14. **(The amount of surplus only exists if the loan is current, the analysis gives a projected overage as if all past due payments are made the month the analysis is processed).**

This surplus must be returned to you unless it is less than \$50.00, in which case we have the additional option of keeping it and lowering your monthly payments accordingly. As the loan is delinquent, we will not be sending a check for the surplus.

We anticipate the total of your coming year bills to be 4,567.66. We divide that amount by the number of payments expected during the coming year to obtain your escrow payment.
